The 10th Annual Minnesota Fire Marshals Conference provides an opportunity for outside organizations and businesses to display and provide information to conference participants. Attendees at the conference include Fire Marshals, Fire Inspectors, Fire Chiefs, Building Inspectors, and Design Professionals. This years theme is *"Knowledge Isn't Power Until It's Applied"* and will focus on fire code and risk reduction.

Approximately 200-250 professionals attend this event every year, and because exhibitor spaces are limited they will be filled on a first come, first serve basis.

This year's event offers many different ways organizations can engage and show their support. If you have questions please feel free to contact us at [fmamvendors@gmail.com](mailto:fmamvendors@gmail.com)
