

Fire Sprinkler Save

On 7/25/2013, Edina Fire Department received notification of a fire at 7200 block of York Avenue South. Prior to the Fire Department arrival a single sprinkler head suppressed a fire in the incipient stage in a closet. There was minimal smoke, water and fire damage as a result of the fast response of the fire sprinkler system.

The building complex has two very large multi-story high rise residential towers. No injuries were reported. The cause of the fire is under investigation.
